GOLDEN GATE HANDICAP WILL MAKE CHAMPION

Strong Supporting Card Has Been Arranged For The Saturday Program

Tanforan's third stake of the fall schedule—the $2,000 added Golden Gate Handicap—will definitely establish the sprint champion of the season Saturday when a brilliant field of speed stars go postward in the six furlong classic.

Seventeen speed burners are nominated for the engagement and it is likely that about twelve will be in the starting lineup.

Ariel Cross is the best known in the nomination list, having shown his heels to some of the best horses in the country. He arrived recently from Toronto and is reported on edge for the engagement Saturday.

Racing Secretary Julius Reeder is arranging a strong supporting card and Saturday should mark one of the high spots of the twenty-five day fall season.

Racing at Tanforan has been exceptionally formful and the sport has won many new devotees this season. New faces have been in evidence in the club house and grand stand and the crowds have been steadily mounting.

Pair Rob Westlake Market; Scoop Small Loot And Flee Down Bayshore

Yesterday was supposed to have been Captain Paul Perussina's day off.

Instead of taking a vacation the highway patrol chief went to South San Francisco on business. Just before he entered the city, about 9 a. m., a sedan, driven by a youth, whizzed by him, headed southward.

Perussina gave chase in his patrol car. A wild 65-mile-an-hour race ensued as the captain sped after the sedan, his siren screaming.

It was not until the Belmont turn-off had been reached that Perussina succeeded in forcing the fleeing youth off the road and to a halt. Two other boys were in the sedan.

The patrol head jumped out of

Hallowe'en Carnival A Week From Tomorrow Night To Be a "Hum-Dinger"

Arrangements are practically complete for the gala Hallowe'en carnival to be staged here in Daly City a week from Saturday night. This information was released to The Record by the carnival sponsoring committee, composed of American Legion and Daly City Merchants Association members, which met last Sunday morning.

The carnival this year is expected to excell even the huge success of last year's affair. Local kids are looking forward to the big parade and have their eyes set on valuable prizes which will be awarded the best comic and unique costumes. There'll be a hundred or more prizes.

At the corner of Templeton avenue and Mission street at 7 p. m., the parade is scheduled to start. Marching along with the kids will be bands, drum corps and uniformed units. City police are to route traffic off Mission street to eliminate casualty possibilities.

Free ice cream will be distributed after the parade passes a reviewing stand at the top of the hill.

Street dancing and entertainment will complete the evening. As an additional safety measure the location of the street dance has been changed from Hillcrest drive to Wellington street. Watch The Record next week for full and complete details which have been arranged for the carnival.

WITT—FRANCIS SPLIT ON FIESTA

Two Supervisors Clash On Move To Congratulate Fiesta Commission

Supervisor Al Witt of Daly City waged a battle against a resolution praising the fiesta commission, introduced by Supervisor Manuel Francis of Half Moon Bay, at the board meeting in Redwood City, Monday of this week.

Francis introduced a motion liberally praising the commission for making a "big show" of the festival at Bay Meadows. Witt waged a single handed battle against the issue and declared: "The show was a success this year the same as it was last year, but what the taxpayers and myself are interested in is knowing if it was a financial success."

PROPERTY CONSIDERED

Giles B. Johnson, county right of way agent, submitted to the board for its approval a notice of intention to buy property at Jefferson and Marshall streets in Redwood City for a county office building site. The property will cost $6,500.

BOARD COMMENDED

Representing the East San Mateo Improvement Club, Eugene Signarowitz commended the supervisors for their favorable action on the club's proposal to move the county seat to the Burlingame-San Mateo area. He referred to a resolution passed at the last board meeting instructing Francis to appoint a committee to investigate the suggested move.

CO-OPERATION ON FIRES

Bert Werder, county fire warden, appeared before the board and thanked them for their co-operation in recent fire suppression in this county. Help from the board, from the county departments and public spirited organizations have made it possible to greatly reduce fire damage, Werder said.

DRUIDS MEETING MARKS PROGRESS

Olive Grove No. 116, United Order of Druids, will be visited by the Grand Official Wizard, next Friday, October 30. All members of Colma and Daly City are expected to be present.

After the business meeting refreshments will be served.

JEFFERSON UNION HIGH SCHOOL WELL REPRESENTED AT COUNTY PRODUCTS AND FLORAL FIESTA

Many Students Take Part In March And Exhibitions As Band Wins Prize

Jefferson Union High School was fittingly represented at the San Mateo County Products and Floral Fiesta held at Bay Meadows on Thursday, Friday, Saturday and Sunday, October 8, 9, 10 and 11.

Each evening the school was represented in the pageant by a group of students who had been trained in dramatic arts by Miss Juanita Young, instructor in physical education, assisted by Miss Rosalyn Rosenberg, who is a student in the school and an accomplished dancer.

PAGEANT THEME

The theme of the pageant was carried out through emphasis on flowers. A beautiful princess asked five questions of her suitors and these questions were answered by giving the name of a particular flower, which was the cue to the dance which was to follow.

The girls from Jefferson depicted asters in their colorful dance. Beautiful costumes which they wore were designed and made by the advanced sewing classes of the high school under the expert direction of Miss Elizabeth Jones, instructor in the domestic science department.

The following girls took part in the dance each evening Lillian Backeroff, Lena Bertini, Florence Christian, Evelyn Ciemoli, Eleanor Conserva, Kathleen Core, Evronie Craig, Beth Davis, Matilda Farbar, Eleanor Hutchings, Miriam Marin, Helen Marty, Muriel Mooney, Melba

The child was instantly killed. Mrs. Parsons and her companion, Harold Carroll, were uninjured.

Mrs. Parsons was arrested on a technical charge of manslaughter.

RUNNERS NEED MOST CAREFUL UPBRINGING

By J. W. MARCHBANK

Education of young thoroughbreds for their trying experiences to ensue at no short time on the course is one of the most important matters connected with a nursery. That is why I have my yearlings schooled at the private track over at my Heather Farm and somewhat later, when no racing is on, complete their "school of manners" teaching at Tanforan.

Sometime ago The Druid, in "Silk and Scarlet," said the fourth Duke of Portland used to declare that a horse should never go on to a race track till it could face anything. The Duke went the limit, inasmuch as to complete the education of youngsters they were marched over and over again past a drum and fife band, with a flag flying, in his ancestral park at Welbeck.

Even more radical was the letting off screws of powder in the corn bins of the colts. The "babies" got so they would hardly lift their heads out of the manger for a pistol report.

The yelling of the crowd, especially when there is going to be a close fit at the imaginary wire, failed to upset the nerves of such veterans and many a race was won in consequence that might otherwise have been lost. Tumultuous cries could not upset them or disturb their rhythmic stride.

After the big windup at Tanforan on Armistice Day, the plant will become a vertiable kindergarten for colts and fillies fast approaching their two year old birthday, January 1. The stall gate will be placed in the quarter mile chute, with a full course of standing and breaking exercises for the class under the direction of Starter Edward Thomas and his assistants. A little later the well known" commencer" will go south for the tutoring of hundreds of yearlings from Eastern farms. The Western contingent will be ready for the first bugle call summoning them to battle with the "invaders," you may be sure of that.

Another Civic Affair for the Kids

Daly City is to have another Hallowe'en carnival this year. Local residents rightly look with favor to this affair.

In years past many Daly City children have turned their Hallowe'en amusement into a riotous round of property damage. Gates and fences were torn down, windows were waxed and broken, buildings were defaced, fire boxes were broken and alarms turned in. Direct losses from Hallowe'en pranks mounted into the hundreds of dollars.

Last year the local American Legion Post No. 410 and the Daly City Merchants Association innovated a Hallowe'en carnival through which children could really enjoy themselves on this popular evening without destroying property.

For the success of the affair last year the sponsoring organizations were given due credit. On Hallowe'en of 1935 no reports of property damage were made. No fire alarms were turned in. No injuries resulted from malicious pranks. Daly City may well be proud of this record.

The sponsoring organizations of the 1936 carnival deserve whole hearted co-operation of every local citizen and organization.

STAKE NAMES TANFORAN HAVE SIGNIFICANCE

Each Has Its Own History And Tradition In Breeding Of Thoroughbreds

Judge Floyd McKenney, presiding steward at Tanforan and one of the country's leading authorities on thoroughbred bloodlines, has furnished the names for the featured races contained in the new condition book, just issued. The names chosen are significant of California's envied position as a breeding center in the past—a position which the state is rapidly regaining.

Each name has its own history. Gorgo, for instance, is one of the names chosen. The late Senator Leland Stanford sent his agents to England with instructions to purchase the great sire, Isonomy. He offered a fabulous price for the stallion, but the British owner was adamant and refused to part with the horse. However, he did consent to sell some brood mares that were in foal to Isonomy and Senator Stanford eagerly agreed to the purchase, hoping that the famed stallion would reproduce himself in a colt. Unfortunately, the mares all had filly foals and of these Gorgo, a stakes winner, was the best.

El Rio Rey is another name selected and El Rio Rey went down in turf records with an unblemished record, never having bowed in defeat.

Then there is Runstar, pride of the late A. B. Spreckels; Morvich, likewise bred by Spreckels and the only California bred winner of the Kentucky Derby. Spreckels always contended that Runstar was the better of the two. For that reason he sold Morvich to Ben Block.

Still another famed thoroughbred of the past who has been honored by having a race named for him is Emperor of Norfolk, the greatest three year old of his year. Others include the famed Africander, Briar Sweet and Crescendo.

Woodrow Wilson Regular Meeting

The Woodrow Wilson P. T. A. held the regular October meeting in the Woodrow Wilson School on Tuesday of this week. Mrs. Lillian Thomey presided.

Mrs. Edith Backer, legislative chairman, gave a very interesting talk on "How to Vote Intelligently."

Mrs. Pearl Jones, character ed. chairman, read an article from a newspaper clipping on "Educating Parents."

Mrs. Eva Page, student aid chairman, announced a bundle drive for October.

A turkey whist is to be held on November 18 in Daly City Auditorium for the benefit of student aid work. Mrs. Marion Hewner is chairman.

All members and teachers are to be entertained at lunch in the school on November 17.

Refreshments were served at the close of the meeting with Mrs. Lucy Nelson in charge.

Gives Lunch For Northern Visitor

Mrs. I. Roberts of Winchester street recently entertained at a farewell party in honor of Mrs. O. Anderson of Forks, Wash., who has been visiting here for the past month with her daughter, Mrs. B. Wilson of Crocker avenue.

The luncheon consisted of home canned salmon as the main dish and was unusually delicious.

Cards were enjoyed during the afternoon.

The guests included Mesdames O. Anderson, H. Grantham, S. Lange, D. Hunter, H. Evans, D. Roberts, E. Klingler, M. McNally, L. Lupton, F. Cohen, B. Wilson, L. Stange, R. Shade, P. Schneider, B. MacCarthy and M. Norris.

Playlets Will Be Presented At Hi

Jefferson Union High School's dramatic class will present two plays in the high school auditorium next Wednesday afternoon at 1 o'clock.

One of the plays, entitled "Hollywood," concerns two extras in their attempts to climb the ladder of success in the motion picture world. Marjorie Fuchs and Arthur Bontempi are the players.

The other play will be "Little Things Start Great Wars." The story centers about an old gentleman who is deaf, to be played by Gardner Girdler, and a young man, whom Jack MacDonald will portray.

The purpose of these two plays is to raise funds for stage equipment. William Hoppe, instructor of English and dramatics, is in charge of the plays.

GREAT RALLY FOR ROOSEVELT AND M'GRATH

Approximately 150 citizens attended the rally conducted by the San Mateo County Central Democratic Committee in the City Hall on Wednesday night. The committee members present were Chairman Tom Broderick, Mr. Barrett, Mr. Reuter, B. J. Adams, Mr. Marger and Mrs. Falvey, secretary.

The meeting, held in behalf of the candidacy of President Roosevelt and Congressman John J. McGrath, is one of many scheduled during the closing days of the campaign. The speaker of the evening, James J. Brennan, outstanding attorney and legislator of the state, dwelt at length on the issues at stake, and brought out the fact that these as defined are but camouflages of the real controversy. His address was well received and enjoyed by all who attended.

Allan J. Ward, representing Congressman John J. McGrath, emphasized the necessity of supporting the re-election of Congressman McGrath, as it is imperative that Congressmen be elected who will support the humanitarian work of President Roosevelt.

The affable Jimmie Britt of San Francisco was presented and entertained the audience with his wit and many stories. Mr. Britt, former light weight champion, is still a booster of the Democrats and emphasized the good work done by the present administration.

With the work of the administration accomplished at this time it is not necesary to go into detail, but it is believed that with the social security program in working order, the insurance of all bank deposits up to $2500, relief to the unemployed and definite return of confidence by the people through the humanitarian efforts of our great leader, our people will vote for President Roosevelt and his untiring supporter and co-worker, Congressman McGrath, so that there may be no return of depression distress.

LOCAL ROBBERY NETS TWO MEN AFTER CHASE

his car, with hand on gun and approached the sedan. The youth got out, and a pocket full of loose change jingled against the door.

"You've been in a holdup, haven't you?" Perussina accused him.

"Yes, I guess I was," the youth admitted.

Perussina took the boy in his own car and drove to the county jail. The two others in the sedan drove their car on ahead of the patrol auto.

HOLDUP REPORTED

When the captain and his charges arrived at the court house he learned that only two hours before the Westlake Market in Daly City had been robbed by two of the boys he had just captured.

Vincent Nardelli, proprietor of the market, had opened his store at 7 a. m. Two boys came in. After they had ordered a bottle of mayonnaise and a loaf of bread, one of them flourished a revolver.

"This is a stickup, and if you don't yell, you won't be hurt," Nardelli was told. "Lie on the floor and don't move," was the warning. Nardelli did so.

GRAB CASH

After scooping $32 in change out of the cash register, the youths ran out the door, almost knocking down Mrs. Plebe Passerino, who was just entering.

Nardelli reported the crime to local authorities.

At Redwood City the three youths gave their names as Joseph Hines, 20, of 122 Los Olivos street, Daly City, driver of the machine; Joseph McGuiggan, 27 year old sailor, just in from a cruise and staying at the Richard Hotel, and Jack Watson, 25, 812 Broadway, Oakland, taxi driver.

After Police Chief James Reardon and Officer Dalton drove to Redwood City the trio were thoroughly questioned in Assistant District Attorney Daniel Sullivan's office.

As a result, Watson was absolved of blame because he had entered the machine after the Daly City robbery. Hines and McGuiggan are being held at the county jail.

Jefferson Indians Beaten By Palo Alto

Although Jefferson's football team lost to Palo Alto in a very close game, Friday of last week, they showed some real spirit and played their best game of the season.

Palo Alto scored the lone touchdown of the game in the second quarter as a result of a long pass to the eight yard line. Hansen of Palo Alto scored the touchdown a few plays later on a line plunge. The attempted conversion failed.

Jefferson made its bid for a touchdown in the third quarter. Stansbury and Simpson carried the ball all the way to the one yard line; but Jefferson lost it on downs.

Stansbury and Simpson carried out their ball packing assignments well, while Alfred Silicani and Van Pelt played fine defensive games.

Popular Radio Personality Is To Appear At School

Jefferson Union High School is to be honored by a visit from one of San Francisco's leading radio personalities. Budda, conductor of KFRC Saturday night amateur hour, has consented to appear at the school this afternoon at 1 o'clock.

The students are going to present an amateur hour of their own in connection with Budda's appearance, and he will give a short address to the student body.

The student body in general is looking forward to Budda's visit, and those who are to appear on the program are practicing hard so that they may present the best possible performance.

Mr. Dean Maddox, who is known to the radio audience as "Budda," has helped many amateurs on to success. We hope some of the local youngsters possess sufficient talent to merit recognition.

Youngsters Have Good Time At Party

A party celebrating the eighth birthday of Allen Pettigrew will linger long in the minds of 24 little friends who were his guests, Friday evening of last week, at his home on Hillcrest drive.

Pattie Peterson assisted Master Pettigrew with the games and entertaining the children.

The youngsters were presented with colored balloons and were served all the cake and ice cream they could eat.

Allen received many lovely gifts.

The following children helped Allen celebrate his birthday: Freddie, Bruno, Mary and Emma Grenci, George Smith, Pattie and Richard Peterson, Donald Laskin, Bonnie Gill, Robert Merritt, Jimmie Dake, Billie Milfenfetter, Gussie, Alec and Helen Sholla, John Militak, Sonny Rodger, Ralph Lynch, Roy Lungren, John Moorehouse, Lois Halcrow and Bobby and Dorothy Underman.

High School P. T. A. Honor To Parents

Jefferson Union High School Parent Teachers Association devoted their October meeting to honoring the parents of new students. Mrs. Stella Jensen extended a welcome to them on behalf of the association and James Ferguson, principal of the school, extended a welcome on behalf of the faculty.

A delightful program under the direction of Mrs. Charles Morris was enjoyed by all present. It consisted of: Piano solo, Clyde Ramsey; rhyme-a-logue, "It Happens Every Day," featuring Maxmae Morris and Leon Fletcher; vocal duet, "A Rendezvous With a Dream," Ruth and Fern Crawford, accompanied by Margaret Grierson, and a piano solo by Ruth Morris.

Following the program and a business meeting, Mrs. Remi Sanders invited all to participate in a social hour, during which delicious refreshments were served by Mrs. Sanders and her committee.

NEPTUNE'S GIFT TO YOU

Neptune has a treasure chest for California to which the voters of the state have the key. It is a "Yes" vote for Proposition Number 4. The treasure, in the form of oil pools underlying state-owned tidelands, is being depleted by wells which, in some cases, pay nothing to the state, and in other cases pay very little.

The state should have power to correct this wastage of public resources. By voting "Yes" for Proposition 4, the state will be able to tap this treasure of Neptune. Proposition Number 4 enables the state to collect a fixed royalty of 14 2-7 per cent from these oil resources by slant-drilling, and to provide for their orderly development.

Minimum estimates place the revenue from this source at $2,000,000 a year to the state for 25 years. One-half would go into the general fund for tax reduction and the other half for acquiring and maintaining public parks and beaches.

The measure prohibits tideland drilling forever and provides rigid protection of the beaches from pollution and interference with bathing, fishing and navigation.

Teachers Attend Meet And Dinner

Mr. James Ferguson, principal of the Jefferson Union High School, and four members of the faculty including Messers R. L. Gray, Hugh Paterson, Clive M. Saiz and Mrs. Marjorie Reandeau, attended the first dinner meeting of the fall sponsored by the San Mateo County Teachers Association, at Sequoia Union High School, on Monday evening.

Legislative issues affecting education were discussed as part of the evening's program. Mr. John Brady, assistant superintendent of the San Francisco schools and vice president of the California Teachers Association, was the main speaker of the evening.

Mr. Brady dwelt at some length on the proposed tenure measure which is being presented to the voters in November. He explained why many groups interested in education and the welfare of children were opposed to the bill.

Science Classes On Water Works Visit

General science classes of Jefferson Union High School and their instructor, Mr. Matthews, visited the Daly City Municipal Water Works this week. The students found their excursion interesting and instructive.

The visit was arranged through the courtesy of Arthur Bodien, superintendent of the water works.

Students were told that plans used in building the water system for the World's Fair, to be held in San Francisco in 1937, are patterned after the local water distribution units.

Daly City's water has been government tested and found to have the lowest bacterial content as compared to any other water in the bay area.

Local Members At Dept. Council Meet

Mr. and Mrs. W. F. Dorn of Risel street, accompanied by Mr. and Mrs. R. Brulez, motored to the second meeting of the council of administration members of the Department of California, held in the new Veterans Building in San Luis Obispo, last Saturday.

Mr. and Mrs. M. Hubbard, Mr. and Mrs. Fred Linser and Mrs. M. Hazelhurst were also among those present.

The Carl Anderson Post of the Veterans of Foreign Wars, the host of the day, tendered the members a tasty Southern baked ham banquet with all the trimmings.

Mrs. Dorn is the department chaplain of the woman's auxiliaries and Fred Linser is the department chaplain of all the posts.

Jefferson Reserves Lose To Washington

The Jefferson Reserves received their first defeat of the season from George Washington's first string varsity, 28-12, Thursday of last week.

"Legs" Legget ran wild, scoring three touchdowns for Washington. Two tries for conversions were successful. Coach Joe Verducci predicts that Legget will make the All American Team if he continues on to college. Hawkind scored another touchdown on an intercepted pass. The remaining points were scored on a safety.

"Jeff's" first touchdown came in the second quarter as a result of a pass from Verducci to Lee. In the fourth quarter these same players were again successful in scoring a touchdown.

Bellando, center, played a fine game for the reserves.

San Francisco's newest varsity team showed remarkable spirit considering they have been organized only a little over a month.

INSURANCE AGAINST SOCIAL UNREST

What might have happened in this country had we been forced to live one more year under the Hoover administration? In this article, written for and released through Good Neighbor League, Joseph P. Kennedy, former chairman of the Federal Securities and Exchange Commission, deals in a straight-from-the-shoulder manner with President Roosevelt's victory over social unrest.—The Editor.

The definite and outright manner in which President Roosevelt disposed of the spectre of Communism as a campaign issue seems to me to be the high light of the national campaign to date.

I am neither surprised nor chagrined at any charge that is leveled against the President, because, after all, political partisanship always begets fanatic charges; and that is particularly true in this campaign.

The President's critics should, however, seek issues on which they can find firmer footing than when they accuse him of Communistic tendencies or seeking Communist support. Far from abetting it, Franklin D. Roosevelt is, next to religion itself, the greatest single force in our country operating against Communism, and has proven to be the most effective barrier to the progress of Communism and, as the President himself said, of "alienism or any other ism."

It has been my good fortune to have spent two of the last ten historical months in Europe; indeed, it is less than a month since I returned to our country from my last trip abroad. And, after being in Europe, I say, tritely but with all the sincerity at my command: "Thank God for America."

During my visits abroad I have had direct contact with European statesmen and industrial leaders, and my conversations with these men make me realize that it is not by accident that we have escaped Communistic trends in this country, but directly and almost wholly as the result of the preventive measures adopted by the Roosevelt Administration in the working out of its social program. Furthermore, I am persuaded that the President's philosophy of social progress will eventually destroy the growth of Communism.

When the measure of Franklin D. Roosevelt's accomplishments is reckoned by future generations I am confident that our progeny will appreciate, maybe better than we can now, to what a degree Roosevelt stood between order and anarchy, between civilization and Communism, at a time which actually constituted one of the worst economic and social crises this country ever experienced, during which period—and it is no exaggeration to say this—our American system was threatened with destruction.

I trust that we shall hear no more attacks on the President on the score of Communistic leanings. I feel that attacks of this type indicate the weakness of the opposition to his policies, but attacks along such lines cannot be overlooked.

President Roosevelt is as human as any mortal man can be, and is, therefore, not infallible. In seeking issues on which to challenge him his opponents should seek other grounds for argument, for they cannot and will not be able ever to justify any attacks which are aimed at his loyalty to America, American systems, American principles and the American people.

Law Requires Glass Removal

When glass or any other injurious material is deposited on a highway the person responsible is required by law to remove it without delay. The law declares that no person shall throw or deposit upon any highway any glass bottle, glass, nails, tacks, hoops, wire, cans or any other substance likely to cause damage or injury.

Any person who drops or permits to be dropped or thrown upon the highway any such destructive or injurious material must see that it is removed immediately.

CARBURETOR SCREEN

The screen in the carburetor air cleaner should be removed and cleaned thoroughly at least once every 5000 miles, say experts.

Club Warns Cyclists

The bicycle's return to popularity among both old and young has brought with it an accident problem.

These suggestions will be of value: Learn to ride in your yard, on the sidewalk, or a place especially designated. Stay off the streets until you can ride well. Don't carry passengers—it's dangerous. One of the main causes of bicycle fatalities is "hitch-hiking"—or hitching rides on the rear of automobiles. Stay away from automobiles entirely.

Pick out the less traveled roads for pleasure riding and ride in as straight a line as possible, so motorists can judge where you are going. Ride on the right side of the street and stay close to the curb in cities. When riding at night, carry a light in front, and either a light or reflector in the rear. Be constantly on the alert and at the same time courteous.

Remember, neither sidewalks, nor highways were made for bicycles.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

"Large appetites wait each mealtime hour
And on your skill their praises shower."

Mrs. June Fletcher, who with her father is in the grocery business at 98 Crocker avenue, sends in a recipe that you'll all want to try as it is so easy to prepare and it sounds so tasty.

TUNA FISH PIE

Melt in top of double boiler, two tablespoons of butter, blend in three tablespoons flour, three-fourths teaspoons salt and one-eighth teaspoon pepper. Stir into this mixture one and one-half cups milk and one-half cup water. Cook five minutes, stirring frequently.

Then add two cups tuna, three hardboiled eggs, sliced; one cup chopped celery and one tablespoon chopped onion. Pour into greased baking dish. Diced carrots may also be added. Cover top with biscuits (recipe follows) and be sure to have the tuna mixture hot when biscuits are put on the top.

PLAIN BISCUITS

Sift before measuring, two cups bread flour, resift with four teaspoons baking powder and three-fourths teaspoon salt. Work in with two knives or fingers until coarse like oatmeal, three tablespoons shortening. Stir in with fork six tablespoons canned milk, six tablespoons water. Put on floured board. Roll lightly to one-half inch thickness. Cut into rounds. Brush top with undiluted canned milk. Bake fifteen minutes, or until brown.

Try the following before Thanksgiving to be sure of perfect results:

REAL PUMPKIN PIE

(From the Farmer's Wife)

One and one-half cups cooked, strained pumpkin, two-thirds cups brown sugar, one-half teaspoon ginger, one-half teaspoon cinnamon, two eggs, one and one-half cups milk, one-half cup cream, one-half teaspoon salt. Stir the ingredients together in the order listed. Pour into an unbaked pie shell. Bake for ten minutes in a hot oven (500 degrees) then reduce the heat to 325 and bake for 30 minutes more. Serve with whipped cream. Either the canned or fresh; stewed pumpkin may be used.

ROOSEVELT GOING ON TO GRAND TRIUMPH

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Dr. Samuel Johnson once said:

"There is nothing, Sir, too little for so little a creature as man. It is by studying little things that we attain the great art of having as little misery and as much happiness as possible."

The thought came to me President Roosevelt is to be commended for his attention not only to the big things that have to do with the welfare of the people, but with the little things the English philosopher thought were extremely important.

It has always been one of the principles of my life to study the trivial matters, as they so often develop into worth while things.

* * *

Chester Rowell was especially serious the other morning in the Chronicle and I suppose the mood is all right, as the times are not exactly settled enough to joke about. The well known commentator said:

"Unless we can restore honor among nations, we can establish neither safety nor prosperity.

"And there can be no public honor without private honor. Until a man who, for motives of private interest, speaks less than the truth, is despised by himself and his friends; until an obligation evaded, or fortune, fame or place dishonorably gained, becomes disgraceful, the hope of stability in the affairs of nations is vain."

He holds the opinion that if we are not to sink into another era of stagnation, the United States, the last citadel of liberty, must not permit its lighthouse of truth and justice to go out.

To my way of thinking, and of millions of others, President Roosevelt is making a winning fight against the selfish forces that would pull America down to chaos.

* * *

In Alf. Landon we have the sad sight of a New Dealer being transformed into a reactionary. A couple of years ago the Governor of Kansas was saying President Roosevelt was doing a good job in restoring prosperity, even pointing out the immense works program of the federal government as one of the soundest, most constructive policies of the administration; also that the President was doing all in his power, through the WPA, to get the people to work.

As the Daily News says editorially:

"Gradually Landon changed. The shrill voices of the Roosevelt haters drowned out the wiser counsel of Republican liberals. One by one the Landon ideas were dropped, those of the old guard substituted. Today the Landon is virtually the Hoover program.

"In his expressions these latter days Landon resembles the ex-president. When he speaks of "freeing business enterprise," "unshackling initiative," of the "American ways of life," one can almost hear Hoover talking. Verily when Governor Landon talks the voice is Jacob's, but the hands are Esau's."

* * *

Though he may think he is making votes for Landon, former President Hoover is doing just the opposite by his hysterical outbursts against the President. The people will not bear with equanimity the charge by the "sage of Palo Alto" that the Roosevelt Administration has been juggling accounts. Perhaps such a charge can be made by an august personage in the shape of an ex-president without fear of being brought to boot. Among the people it sounds much like slander, an offense described at length in the statute books. The best method of reprisal undoubtedly will be the overwhelming defeat of a candidate supported by such a mud-slinging former chief executive.

As the political experts figure, it would take a miracle to carry California for Landon and so it is in many other commonwealths. It is no secret the Democratic party is solidly New Deal and Roosevelt except for a handful of self-styled followers of Thomas Jefferson, with some of them on the Republican campaign payroll. We're going to have the President four years more in the White House to finish his great work.

Range Land Being Rapidly Improved

Examinations of California privately-owned and privately-controlled ranges are now being completed, following the submission of applications by stockmen preparatory to their participation in the range improvement program, according to work received from the State Agricultural Extension Service by the AAA regional office at Berkeley. The range program is part of the 1936 agricultural conservation program in California and the other states comprising the AAA western region.

After approval by county agricultural conservation committees, stockmen are putting range building practices into effect as soon as possible on account of the short time remaining between now and the end of the year. When the performance of the practices has been checked, stockmen will make formal applications for payments.

Under the range program, California stockmen may voluntarily take steps to work toward the conservation of their range land through simple, proved range building practices and thus check the depletion of the range so that they may continue to produce livestock profitably.

Approved range building practices which are now being put into effect by California stockmen and the payments for them are as follows: Conturing, 60 cents an acre; developing of springs and seeps, $50 per spring or seep; construction of earthen pits or reservoirs for holding rainfall, 15 cents per cubic yard for fill or excavation; wells, $1 per linear foot for each well dug or drilled; range fencing, 30 cents per rod; fire guards, 3 cents per 100 lineal feet of railing.

The local merchant can increase his business and keep purchases at home by advertising in The Record.

Lesson Sermon Of Christian Science

"The righteous also shall hold on his way, and he that hath clean hands shall be stronger and stronger." These words from Job comprise the Golden Text to be used Sunday, October 25, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Probation After Death." Included among the Scriptural selections will be: "So when this corruptible shall have put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory. . . . Therefore, my beloved brethren, be ye steadfast, unmoveable, always abounding in the work of the Lord, forasmuch as ye know that your labour is not in vain in the Lord" (I Cor. 15: 54, 58).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The sharp experiences of belief in the supposititious life of matter, as well as our disappointments and ceaseless woes, turn us like tired children to the arms of divine Love. Then we begin to learn Life in divine Science" (p. 322).

Carbon Effect

Accumulation of carbon over the valves and surface of the combustion chamber becomes red hot and causes the fuel to ignite before the piston reaches its proper position.

Among the results are motor knock and loss of power.

CALIFORNIA VOTERS
POWERFUL WHOLESALER AND MIDDLEMAN
"RETAIL STORE LICENSE"
HIGHER PRICES FOR FOOD AND OTHER NECESSITIES

They hope you won't see..

IT'S A NEW TAX ON YOUR FOOD

..and other necessities

They call Proposition #22 a "Retail Store License" to hide the fact that *you* will pay it

IT IS CLEVERLY NAMED to look like something else. But *no one denies that its main purpose is to raise retail prices* –to increase the cost of living for Californians who can least afford it!

When read carelessly, Proposition #22 sounds innocent enough. It taxes an individual store $1.00 a year for the right to do business. But it taxes *chain stores $500.00 for each store over nine.*

But, says the U. S. Federal Trade Commission:

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

For chain stores operate on a small profit. They eliminate middlemen's profits and unnecessary in-between expense. The savings they make by operating efficiently are passed on to you in prices 10% below the average. The Harvard (University) School of Business Research states these to be the facts.

The tax is greater than the profit of four out of five chain stores. Thus some of them will be forced to close–*allowing their competitors to raise prices.*

Surviving chains will be forced to raise their prices to pay the "license."

In either case–*you* will foot the bill.

Admittedly *not for revenue purposes,* the tax is a cleverly masked attempt to subsidize the middleman and wasteful business methods–*at your expense.*

If you think that chain store competition helps to keep *all* prices reasonable–if you believe that taxes are high enough already, particularly on foods –*vote NO and keep prices low.*

For no matter what they call it...no matter how they try to conceal it...*22 is a tax on you–VOTE NO!*

22 IS A TAX ON YOU–VOTE NO!

RETAIL STORE LICENSE Referendum against act of Legislature (Chapter 849, Statutes 1935) requiring every person or organization owning, operating or controlling one or more stores, wherein merchandise is sold at retail, obtain annual State license; prescribing fifty cents application fee for each store and one dollar license fee for one store, increasing license fee progressively for second and additional stores to five hundred dollars for each store over nine; excepts filling stations, ice distributing establishments, restaurant facilities of common carriers, newspaper offices, stores wherein sales are incidental to rendering personal service, theatres and motion picture houses.	**22**	YES

Local Youths Wed On Saturday Afternoon

Miss Pauline Sundarmann of Winchester street and Anton Bruheim of Mission street were married, Saturday afternoon of last week, at 5 o'clock in United German M. E. Church on Page street, San Francisco, Rev. G. A. Wassa officiating.

The bride was prettily gowned in shell pink satin with a crown of orange blossoms in her hair. She carried a shower bouquet of white carnations, gardenias and barvardia.

Miss Katherine Emhoff, cousin of the bride, was maid of honor. She wore a pale pink gown of French organdie with a spray of pink roses in her hair, and carried American beauty roses.

Frank Emhoff, also a cousin of the bride, was the groom's best man.

A reception for the young couple was held at the home of the bride's mother.

After a short honeymoon, Mr. and Mrs. Bruheim will make their home on Mission street.

Drunken Driving Tragedy

A pathetic scene was enacted the other day in the felony court of a large city. A 14 year old school girl stood on crutches before the judge and accused an automobile driver of murder. She said that the man had driven his car into the bicycle on which she and a young friend were riding. The friend is dead and she is a cripple. A passenger in the man's car said the driver was drunk.

Two outstanding safety lessons can be taken from this story. Children should never ride double on a bicycle and drivers who have been drinking should never drive at all. Both are dangerous traffic "sins." Parents should caution their children on safe bike riding practices. There cannot be too much emphasis placed on the criminal negligence of driving after drinking.

Drunken drivers belong behind jail bars and not behind the wheel of an automobile.

Cause Tire Wear

Starting and stopping quickly both have a tendency to grind rubber off the tires, due to the abrasive effect of the pavement on a slipping tire.

Parkman Friends Appeal To Voters

Friends of State Senator Harry L. Parkman today appealed to the electorate of San Mateo County to pile up a record vote for him at the general election, November 3. They pointed out that approximately 18,000 votes were cast for Senator Parkman in the primary, and expected that this number would be exceeded at the general.

Although he polled a record number of votes in the primary election, San Mateo County's state senator must run again in the general because of a Socialist candidate on the ballot. Senator Parkman filed on the Republican and Democratic tickets for the primary, and won both nominations by a substantial margin. However, the election law compels him to run again at the general election, because of the Socialist candidate opposing him.

Expressing his gratitude for the fine vote accorded him in the primary, the state senator joined his friends in their appeal for a record vote on the November ballot. Senator Parkman's supporters pointed to his record in Sacramento on behalf of San Mateo County during the ten years he has been in the state legislature, six as assemblyman and four as state senator.

Many of the county's fine highways and other state projects here are attributed by friends to Senator Parkman's efforts.

Don't Drive Blind

Every now and then a daredevil stunt artist drives through the streets of a city blindfolded. The police usually clear the streets for the protection of other motorists and pedestrians. There is another kind of "blind" driving and without the police protection—not paying attention to the road. No sane driver would think of closing his eyes, even for one second, while he's at the wheel of his car. Yet many motorists do practically the same thing—they take their eyes from the road and chat with friends on the back seat, look at the scenery when their car is approaching a dangerous curve or try to steer while reaching for a package on the back seat.

There is only one way to drive; keep your eyes on the road and your attention on the serious business you are doing.

Organizes For Hatch And Poole

A large number of citizens of Daly City today announced the organization of a Citizens Committee to urge the election of Alvin S. Hatch and John W. Poole as supervisors.

Harold H. Henderson, prominent civic and fraternal leader, was elected chairman, and Mrs. Clara Robertson, secretary.

The formation of this committee resulted from a meeting held last night in Daly City, at which a large number of local citizens mapped plans for an intensive campaign in behalf of these candidates.

The plans to promote the candidacy of Hatch and Poole include a house to house canvass of all precincts in the northern section of San Mateo County in order to more fully acquaint each and every voter with the outstanding qualifications of these two men.

"We are confident of the election of Alvin Hatch and John W. Poole as supervisors from the fourth and third districts respectively at the coming general election, because of the overwhelming vote they received at the primary election in all sections of the county," said Henderson, "and we want to assure a vertiable landslide for them in the northern section of our county.

"The voters at the primary election expressed their preference for these two qualified candidates. Alvin Hatch received in excess of 2,400 votes over his nearest opponent, while John W. Poole received 10,106 more votes than his closest contestant. The voters of San Mateo County have shown by this decisive vote that they want these two men to serve as supervisors. In the northern section of the county this same sentiment is reflected and accounts for the large and enthusiastic gathering of citizens, and their organization of this committee to aid in the campaigns of Hatch and Poole," concluded Chairman Henderson.

Mayor Buck Polls Large Vote At August Primaries

Supporters of Mayor C. A. Buck of Burlingame for county supervisor from the Fifth District, point out that not only did his home city and his supervisoral district accord him the highest vote cast for any of the four candidates in the field in the August primaries, but that also the city of San Mateo, adjoining Burlingame on the south, though not in his district, but in the Second District, did likewise. In the First District, they point out, adjoining Burlingame on the north, Mayor Buck recorded a greater than did his opponent for that office.

This, state his supporters, is an indication that both his public as well as his business record has earned him the confidence of the people, who, being closer to him, have had an opportunity to follow his career in the county. Mayor Buck, they state, from the standpoint of real public service, efficient conduct as a public official, executive ability and independence of action, fortified with the proper temperament, is the logical man to entrust with the important office of San Mateo County Supervisor from the Fifth District. They point out that since his initial election to public office he has held the confidence of the citizens of his home district to the extent that for eight years he has been honored with the highest office within his city's power to bestow upon him.

It is further pointed out that the public officials of the entire Peninsula honored him by electing him as the first president of the Peninsular Division of the League of California Municipalities. Also his value was recognized by his present appointment as president of the San Mateo County Planning Commission and as president of the Tri-counties Grade Crossing Separation Commission, comprising the counties of San Mateo, Santa Clara and San Francisco.

His firm stand on the "merit system" of appointments and employment is another factor, state his supporters, that stamps him as a non-political public official. C. A. Buck has an unblemished public record in San Mateo County, and is amply fitted for the office to which he now aspires, state his supporters. In his case, they continue, the office seeks the man, rather than the man the office.

(Continued from page 1)

Nelson, Eleanor Price, Lucille Shaw, Evelyn Taylor, Elayne Wadiker, Agnes Willer, Caroline Woodside, Helen Bernstein, June Bleecher, La Verne Callaghan, Alice Settrini and Alice Oberg.

SATURDAY PARADE

The parade was held on Saturday afternoon. The line of marching went around the track and in front of the grand stand, which was filled almost to capacity. In the parade were beautifully made floats representing the schools of the county and many civic organizations and departments of local government. Children of the grammar schools were particularly attractive.

Jefferson Union High School was represented in this unit by a group of the members of the Parent Teachers Association, riding in a tastefully decorated car. Mrs. Stella L. Jensen, president of Jefferson High School P. T. A. and clerk of the Board of Trustees, was chairman of the delegation. The other members with her were Mrs. Pearl Jones, high school trustee, Mrs. Lillian Smith, Mrs. Anna Flick and Mrs. Mildred Price.

HI BAND PRESENTED

The Jefferson Union High School band, under the leadership of Mr. Tom Stevens, made an exceptionally good showing in the parade, both by the music which they produced and by their fine display of marching. In this unit the band received a first award ribbon from the board of judges.

The following students were members of the band Dolores Allen, Walter Blair, Ernest Berg, Charles Brush, Beverly Bright, Joe Castro, Jack Caine, Robert Dalrymple, Norma Evans, George Felsch, Peter Filios, Dan Gilbrech, Gardner Girdler, Richard Hicks, Bill Hicks, Eleanor Hutchings, Mark Kanter, Bill Kelly, Mervin Kreiger, Lawrence Lemos, Jack MacDonald, Tom Monahan, Marjorie McCune, Richard Pearson, William Preston Raymond Rodriquez, Albert Scott, George Shinazy, Ralph Shinazy, Harvey Smith, Crant Smith, Frank Tringali, Stanley Vert, Evelyn Walker, Leroy Walton and Jack Wentworth.

Accompanying the students were Principal James Ferguson, William Hoppe, Thomas Stevens, Edna Smith, Juanita Young and Clive Saiz of Jefferson Union High School faculty.

Explosion Injures Daly City Youth

Renato Massei, 18, 443 Bellevue avenue, was badly burned about the head last Sunday when 100 toy balloons exploded in Kezar Stadium. Leo Tealdi, 19, of Colma was also burned.

The balloons, carrying a political banner, were released from the west end of Kezar Stadium. The banner was too heavy and the balloons drifted within reach of spectators on the 30-yard line.

Not suspecting the danger of an explosion, hundreds of fans playfully began popping the gas filled balloons.

Someone pushed a lighted cigaret into one balloon, resulting in a near panic of several thousand spectators in adjoining sections and serious burns about the face and hands of fifteen other victims besides the two local boys.

Man, 50, Struck By Auto Sunday

A machine driven by Attilio Pastorini, 20, of 303 Miriam street struck Tony Agresti, 50, of Colma last Sunday evening. The accident occurred about 50 feet south of Bismark street.

The injured man was removed to Villa Sanitarium, where he is undergoing treatment for injuries sustained. His condition is not considered serious unless complications set in.

Pastorini was arrested. He was later released on his own recognizance.

SPORTSMEN END MEETING WITH EATS AND BALL

the banquet Sunday night in the Sainte Claire Hotel were: George J. Zehender, Redwood City, first vice president; Richard Austin, Martinez, second vice president; Leigh Deming, San Francisco, secretary, and William Bergschicken, Salinas; Newton G. Booth, Harbin Springs, and Ed Moore, San Francisco, directors.

Conservation was the theme of morning and afternoon speakers at the business sessions in Dunne Hall. Chairman Ed Moore of the junior program discusses the work of his division and the need for training of the younger generation in the fine points of sportsmanship.

JUNIOR PATROL

Herbert C. Davis, executive director of the fish and game commission, discussed the work of the junior wardens and what is being done in training them for work in the fish and game commission department.

Plans were made to organize a junior patrol of boys between the ages of 12 and 21 years. Sacramento has already stocked a small lake with fish, where youngsters may learn the fine art of angling without annoyance. Another similar place is nearing completion near Walnut grove.

ARRESTS DOUBLE

Davis stated that during the last two years the game violation arrests have doubled and the fines imposed have increased one-third.

Those attending the banquet and convention from Daly City were Mr. and Mrs. Richard Enos, Mr. and Mrs. Lester Langford, Mr. and Mrs. Ed Moore, Arthur Bodin and Frederick Wegner.

The association is sponsoring a Hallowe'en Mardi Gras in the Dreamland Auditorium, Saturday evening, October 31. Prizes are to be given for the best costume—any costume being appropriate.
